**I. RENEWED PETITION FOR REVIVING AN UNINTENTIONALLY  
ABANDONED APPLICATION UNDER 37 CFR § 1.137(b)**

Commissioner has dismissed (non-final) Applicants Petition for Reviving an Unavoidable Abandoned Application mailed July 12, 2004 for reasons set forth below. Commissioner states that "statements by all persons with direct knowledge of the circumstances surrounding the delay, and setting forth the facts as they know them," is some of the requirements to further determine Applicants claim of "Unavoidable;" however, some of these persons are no longer employed with this office and can not be reached. Therefore, the requested statements cannot be obtained. As a result, the Applicants are left with no other alternative than to Petition for Reviving an Unintentionally Abandoned Application under 37 CFR § 1.137(b).

In response to the Commissioner's decision (dated July 24, 2004), Applicants respectfully submit this Renew Petition to Revive the Unintentionally Abandoned Patent Application under 37 CFR § 1.137(b).

(b) If the delay in reply by applicant or patent owner was unintentional, a petition may be filed pursuant to this paragraph to revive an abandoned application, a reexamination proceeding terminated under §§ 1.550(d) or 1.957(b) or (c), or a lapsed patent.

Grantable petition pursuant to this paragraph must be accompanied by: (1) the reply required to the outstanding Office action or notice, unless previously filed; (2) the petition fee as set forth in § 1.17(m); (3) a statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to this paragraph was unintentional; and (4) any terminal disclaimer required pursuant to this paragraph (d) of this section if the utility application was filed before June 8, 1995 or if the filing of the petition to revive the abandoned application was not filed promptly after notification of the abandonment.

(1) The Commissioner states in the non-final dismissal decision that the reply is required for submission if Applicants chose to file Petition for Reviving an Unintentional Application, unless it was previously submitted. The reply has previously been submitted

with the Petition from Applicants dated July 12, 2004, and therefore is not required for further submission.

(2) The petition is accompanied by a petition fee as set forth in 37 C.F.R. 1.17(m).

(3) If the abandonment was unintentional, the petition simply may include a statement that the entire delay in filing the required reply, from the due date for reply to the date of filing the petition, was unintentional. Therefore, the Applicants submit the statement that; "The entire delay in filing the required reply, from the due date for reply to the date of filing the petition, was unintentional."

(4) No terminal disclaimer is required since the filing date of the above patent application was after June 8, 1995 and the petition to revive the abandoned application was filed promptly.

The Commissioner is authorized to charge any fees associated with filing of this Petition to Revive Abandoned Application under 37 C.F.R. § 1.137(b) to Deposit Account No. 50-0931.

Applicant invites the Examiner to call the undersigned if clarification is needed on any aspect of this response, or if the examiner believes a telephonic interview would expedite the prosecution of the subject application to completion.

Respectfully,
